FOOD, WARMTH AND SHELTER
WE DO THAT! INSIDE, MORE ON
WHAT WE'RE DOING TO BUILD
COMMUNITY ALL YEAR LONG.

ACCESS

NOTE FROM THE DIRECTOR

Spring – it is full of warm thoughts and hope as we look to sunny weather and all the promise of flowers and new growth. At ACCESS, hope is what we try to provide for those we serve. Often, there is an increased need for food, and a new challenge with housing as tourist season begins. Unfortunately, hunger and homelessness do not follow any seasons and the need is continually growing—both nationwide and here in the Rogue Valley. Funding doesn't necessarily increase when the need grows and we are grateful to the community for supporting the work we do. Thank you for helping us move more than 4.3 million pounds of food, and support more than 43,000 people this past year, including keeping 6,000 people warm this past winter. We couldn't do it without you and we are so grateful to all who support ACCESS.

Paula Hon
EXECUTIVE OFFICER

Medical Equipment

ACCESS is expanding the space for all of the generous donations we receive of clean, durable medical equipment in good working condition. That's great news for community members who count on these items we loan out FREE of charge!

Stamp Out Hunger

The Letter Carriers Food Drive will be held Saturday, May 11, 2019. Place a bag of non-perishable food by your mailbox that morning for pickup. The goal this year is 65,000 pounds of food to help feed the hungry in Jackson County.

Fundraiser Provides 63,000 Meals for Hungry Neighbors

A very special thank you to Kaleidoscope Pizzeria & Pub for presenting ACCESS with the proceeds from their Feed the Hungry fundraiser on November 13 totaling \$15,750—equaling 63,000 meals!

CLASSES HELP WITH BARRIERS TO RENTING

Ready to Rent is an educational program designed to help people learn how to become the best tenant they can be. Instructors and guests from the Center for Non-profit Legal Services, WorkSource Rogue Valley, Rogue Community College, Consumer Credit Counseling, and others give guidance on budgeting, credit repair, realistic home searches, good neighbor/tenant skills and much more. Certificates of completion are given to participants to present to potential/current landlords showing that they have taken the initiative to learn how to become good tenants. Graduates have successfully found rental housing. For more information, call (541) 779-6691 or email gdusenbury@accesshelps.org.

65 hours a week at minimum wage is needed to afford a 2-bedroom apartment

ACCESS offered a Ready to Rent class from October to November, two nights a week and 17 participants completed the program. In addition to the Ready to Rent curriculum that teaches housing readiness, there were seven presentations by representatives from community partner agencies. Several of the participants who completed the

program have successfully found housing.

One family with a 6-year-old son who had been living in their car for more than four months, signed a lease and moved into housing four days before Christmas.

Honorable Mention

**Military service.
Careers. Life crisis.
Homelessness.
About-face. These
ACCESS superheroes
have been there,

now they're here to
give back.**

Kevin, Dian and Marty served their country and built successful lives for themselves. They never expected crisis would render them homeless, but that's exactly what they were experiencing when they found ACCESS' Support Services for Veteran Families (SSVF) program.

"My health failed and within a year I went from earning \$50,000+ a year to zero. I lost my career. My car got repossessed and I was evicted from my townhouse," says Marty.

Like Dian and Kevin, Marty had never heard of ACCESS before being referred by partner organizations. And once they

got back on their feet with the help of ACCESS' SSVF program, they were the perfect people for ACCESS to hire to help others who were experiencing the same struggles they had overcome.

"I was waiting to find something that pulled at my heart strings. SSVF is a lifesaver," says Dian.

Kevin runs into people in the community who have gone through the SSVF program and who are now thriving.

"Some call me to tell me how well they're doing," says Kevin. "I'm proud to be part of it."

For more information on SSVF, call (541) 774-4322.

After Two Years of Homelessness, Veteran Finds Housing

Recently, ACCESS Support Services for Veteran Families (SSVF) Community Support Specialist Dian experienced her favorite kind of day.

She was meeting with a Veteran to qualify him for the SSVF program—assessing his housing situation, income level and Veteran status.

The Veteran had been homeless since 2016. He met the income requirement but was a few days short of the active duty stipulation.

“We had to inform the Veteran that he didn’t meet the criteria,” said Dian.

He had already found housing in this challenging market and yet the grant specification disqualified him for assistance. There was teary-eyed disappointment on both sides of the desk.

Things turned around for him just a few weeks later when a set of SSVF program changes occurred and the new guidelines allowed him into the SSVF Rapid Rehousing program. A phone call to a landlord turned up a near immediate vacancy. He was in!

He signed a lease and slept in his own home for the first time in two years. Dian left work that day with a full heart and a huge smile on her face. She too slept well that night.

SUPPORT SERVICES FOR VETERAN FAMILIES (SSVF)

Since 2012, ACCESS has been serving Veterans in our community through a program created by the Veterans Administration, the Support Services for Veteran Families (SSVF) Program. SSVF is for very low-income Veteran families in, or transitioning to, permanent housing by providing a range of supportive services designed to promote housing stability.

The SSVF Program can provide outreach, case management and assistance in obtaining Veterans Affairs and other benefits. ACCESS also helps with:

- Short-term Rental Assistance
- Short-term Utility Fee Payment Assistance
- Security Deposits or Utility Deposits
- Moving Costs
- Short-term General Housing Stability Assistance
- Short-term Emergency Housing
- Transportation Assistance

For more information regarding the SSVF program, call (541) 779-6691.

Backsavers

The first company ACCESS calls when we need help moving Veteran families

“HELPING IN THE COMMUNITY MEANS A LOT,”

*~Backsavers Owner
Josh Aquirre*

“Breaking our backs to save yours.” An apropos motto from Backsavers Moving Service, a local moving company started in 2012 by owner/

operator, Josh Aquirre.

Josh created his business while attending Rogue Community College (RCC) when he realized how much he enjoyed helping people in the community move their households.

Scottish Rite Support

Medford Scottish Rite Center, ACCESS' neighbors, graciously allowed ACCESS to borrow their open office space to collect, store and distribute the senior shoe boxes filled with gifts that were donated by and distributed by volunteers.

There were 1550 shoe boxes to deliver to seniors throughout Jackson County. For the Scottish Rite Center staff, this meant unlocking the offices, helping pack boxes in and out, sharing tables and supplies, guiding volunteers who showed up and also housing a food donation barrel. Much appreciated!

He finished his degree at RCC, then focused solely on his business, which has grown exponentially in the past seven years. As Josh says, “Moving is very stressful and helping relieve that stress for people gives me and our guys gratification; helping in the community means a lot and we are glad to be a part of it.”

Backsavers assists people with all their moving needs seven days a week with quality moving services and supplies. Backsavers offers discounts to veterans, seniors, students and people with disabilities.

“Josh has been helping ACCESS move our participants since 2013 and it’s been a reliable, consistently valued relationship. He is the first one ACCESS calls when we need to help one of our Veteran families with a move,” says ACCESS Support Services for Veteran Families Community Support Specialist Marty.

“Being a recipient of food from an ACCESS food pantry has eased my anxiety about making ends meet.”

Generous Donations Abound

The holiday season brings a greater need for food as families with already tight budgets find themselves struggling to participate in holiday festivities and put food on the table at the same time.

Every year, ACCESS works with businesses and organizations across the Rogue Valley to coordinate food drives in the months of November and December. In 2018, these food drives brought in more than 70,500 pounds of food, translating to 58,750 meals for families in need. More than 40 businesses hosted a food drive barrel at their

location. Food was also collected at events like Greystone Court’s holiday lights show.

ACCESS is very grateful for all of the support shown by our community for our hungry neighbors. We encourage businesses to consider holding a food drive anytime throughout the year as the need continues to grow.

For more information on hosting a food drive, call (541) 774-4321 or email cbosse@accesshelps.org. To make monetary donations, call (541) 774-4312 or visit www.accesshelps.org.

Longstanding partnerships with local specialty contractors ensure clients receive wrap-around weatherization services. Partnerships are crucial, whether we're upgrading or repairing a client's home.

Holistic Approach to Weatherization

Thanks to unrestricted grants, ACCESS is better able to partner with local plumbers, electricians, HVAC companies and other specialty contractors to look beyond basic weatherization needs and to make the necessary improvements that ensure energy efficiency, home safety and home longevity.

“We regularly find HVAC systems needing service, electrical hazards, and plumbing problems needing repairs, some of which, if left unattended, could lead to potentially unsafe conditions,”

says ACCESS Housing Program Supervisor Toby.

Generally, these specialty items are beyond what ACCESS' weatherization contractors can manage so ACCESS relies on longstanding partnerships with local specialty contractors to address such vital issues.

Often these fixes mean the difference between successfully completing a project and having to defer the job (which ACCESS rarely does). The funding

received for these projects, along with these partnerships ACCESS has maintained with specialty contractors, makes the difference between a simple weatherization program and an integrated, well-rounded true home improvement package.

Local Students Complete Class Requirements, Perform Community Service by Volunteering with ACCESS

Senior projects, college internships, community service hours and more

In the spring of 2017, Crater High School student Andrew Morris was looking for a senior project that would help people in his community. He was already volunteering once a week at ACCESS in the Durable Medical Equipment department when he contacted ACCESS Volunteer Specialist Chris to learn about other opportunities.

Chris connected Andrew with ACCESS' Nutrition department and together they organized a significant fresh produce distribution to the West Main Church of Christ in Medford.

"It was exactly what I was looking for," says Andrew. "It met all the parameters of my senior project and it was fun, too. I learned a lot."

Students of all ages have found ways to meet class requirements at ACCESS, even if they only need a couple of hours. In December, 11 students

from South Medford High School's Interact Club volunteered to accept donations and pass out candy canes during the annual Greystone Court Holiday Food Drive. Internships are occasionally available for college students as well.

"One of the strengths of our volunteer program is the variety of opportunities," says Chris. "Along with our food pantry partners and community gardens, we often have canned food drives, warehouse repacks and annual

events on-site and off. Often it's just a matter of matching up someone's availability with the needs that we have."

To volunteer with ACCESS or to learn more, call (541) 774-4315 or email ckline@accesshelps.org.

Boise Cascade, Leaders in Building Community

For more than 20 years, Boise Cascade and its employees have proven to be leaders in the community demonstrating their commitment to service through their unwavering support of ACCESS. ACCESS and Boise Cascade's longstanding partnership was forged from a tragedy and built through supporting one another for more than two decades.

In the fall of 1998, Boise Cascade's Medford plywood plant suffered a devastating fire that displaced its 450 employees. While the company rebuilt, ACCESS stepped in to help Boise Cascade employees get through a difficult time by providing food, energy assistance and other essential resources.

Since then, Boise Cascade and its employees have never forgotten the help they received from ACCESS. They have supported ACCESS through volunteer hours, fundraising and with generous corporate support. Annually, they hold food and fund drives, donate hundreds of ShoeBox gifts for seniors who would otherwise go without Christmas

gifts, participate in the Adopt-a-Senior for the holidays program and provide corporate funding as major event sponsors.

“Boise Cascade is a proud partner of ACCESS. As a company, we support community organizations that our employees are passionate about, and in Jackson County, ACCESS is that organization,” says Boise Cascade Regional Manager John White.

Boise Cascade’s support of ACCESS’ mission to feed, warm and shelter those most in need has equated to providing more than 1,247,000 nutritious meals to feed those struggling with food insecurity throughout Jackson County. Their level of support also equates to providing 57,405 pieces of medical equipment to seniors, people with disabilities and to those recovering from surgery. It represents

providing 1,039 households with energy assistance to keep people warm.

The impact of their commitment to community is articulated best by the people touched by their generosity. One senior shared with us that the shoe box filled with gifts, “...was the only gift I received this Christmas. This is such a great thing ACCESS is doing—it truly lifted my spirits.”

ACCESS could not be more grateful to Boise Cascade and its employees’ support and dedication to helping build community. Corporate leaders like Boise Cascade make it possible for ACCESS to carry out our mission of providing immediate and longterm solutions that lead people in need toward self-sufficiency.
